1922-23.

Letter No 9571 dated the 22nd June 1922 from the Registrar, Mysore University, Mysore, intimating that it is not possible to say whether the services of Mr M. Seshia Iyengar could be spared for work in the Mysore Medical School as ordered in G.O. No. L 7229-31/Med 3-21-15 dated the 1st June 1922 till the Chemistry Sections of the B.A. Classes are formed & requesting that the order appointing him may be kept in abeyance.

2) The appointment of Mr. Seshia Iyengar as a Lecturer in the Medical School was sanctioned on the very strong recommendation of the Senior Surgeon and on the expressed statement of Prof. Ushes that he could expect no difficulty in regard to the lecturing time,

(vide flag H and its enclosure in the reference file put up below.)

24 Since the Vice Chancellor has taken objection to the appointment, ~~this~~ Mr Sesha Iyengar's name has been omitted in the list of lecturers to be sanctioned for next year and the Senior Surgeon has been requested to send in revised proposals for filling up the ~~post~~ place.

25 If approved the G.O. appointing Mr Sesha Iyengar will be cancelled and necessary draft will be submitted for appl. The appointment of Cb, cannot be kept open as desired by the Medical School as Classes on the 1st July and lectures on Science will have to commence on that date.

It is British India, it is generally Chemical Examiners that are appointed Lecturers in Medical Jurisprudence - the practice has also been to appoint Officers of the Public Health Institute who are Chemical Examiners & Assistants to Lecturers in Forensic Medicine. In 1920, the Code Mr. Ramjappa wrote & asked for the Services of Mr. Mauker being made available for the Lectureship in spite of the objection raised by the Sanitary Comm. that he will not be able to devote the Services of Mr. Mauker for the entire prescribed Course that the students shd have the benefit of the experience of the Officers of the Public Health Laboratory who is undertaking Medico legal work there - It is not expl. also that Officers of the Sanitary Dept (P.H. Institute) shd be altogether excluded from

from his lectureship qua medical officer which carries with it a handsome allowance. He is also person who is favourably appointing a member of the Public Health Institute as a lecturer in medical jurisprudence.

4 2 The revised proposals qua Senior Surgeon may be accepted. Dr David may be appointed lecturer in Materia Medica & Dr Dmello lecturer in medical jurisprudence—

NOTE—Contn. sheet.

Office of the Sanitary Commissioner with the Government of Mysore, Bangalore dated the 9th March 1922.

Dear Sir,

I submit for your information copies of correspondence ending with D.O. letter of the 1st Instant from the Senior Surgeon stating that the lecturership in Jurisprudence which I recommended should be given to Mr. G. M. Dominick has been given away to another Officer and that the lecturership in Pathology can only be given to Mr. P. Parthasarthi on condition that he will be spared for work every day between 7-30 and 11 A.M. in the Clinical Laboratory of the Victoria Hospital.

2. I need hardly say that the proper person to teach Medical Jurisprudence is the Chemical Examiner to Government who is in every day touch with the practical details relating to the subject. I cannot therefore understand why Mr. Dominick's claims in this respect have been ignored. His predecessor in Office Mr. V. L. Manker was lecturing on the subject till very recently.

3. Mr. Parthasarthi cannot be spared in the mornings without prejudice to his legitimate daily work in the

D.O. letter No. C.1661-1 dated the 1st March 1922 from the Senior Surgeon in Mysore, to the Sanitary Commissioner in Mysore, Bangalore.

Your D.O. letter No. C. 621 of the 17th Ultimo.

Please let me know if you can spare Mr. Parthasarthi to work in the Clinical Laboratory of the Victoria Hospital every morning from 7-30 to 11 A.M. Otherwise, it will not be possible to make him Lecturer in Pathology. Lectures will be given in the afternoons only - thrice weekly.

2. I am sorry that the Lecturership in Jurisprudence has been already given away to another officer.

You are aware of the changes in the Public Health Institute. Both the present Officers get very little pay and as a sort of enouragement you will do well both to your School and to the Officers if they are given lecturerships - Mr. Dominick on Jurisprudence and Mr. Parthasarthi on Pathology.

Dear Sir,

Referring to your D.O.No.L.5171 of the 14th instant, I may inform you that one of the necessary qualifications for a Lecturer in Medical Jurisprudence is, his practical experience in conducting judicial post-mortem examinations and in giving evidence in a Court of Law. This is the nature of the work expected of the Sub Assistant Surgeons and they have to be trained on these lines. Among our officers, the District Medical Officers are more in touch with this class of work than any one else. They have not only to countersign all the Post-mortem reports of the Sub Assistant Surgeons under their charge but have often to give evidence in Courts of Law. As Mr.David has been for several years working as District Medical Officer of several Districts, he has gained much practical experience in this branch of medicine. He has been attached to the Lunatic Asylum and to the Medical Stores only since last year and his accumulated past knowledge and experience cannot be said to have vanished from him since taking charge of his new duties.

Sir,

With reference to Government Order No. L. 7229-31/ Med. 3-21-15 dated the 1st June 1922 regarding the appointment of Mr. M. Sesha Iyengar, M.A., Demonstrator in Chemistry, Central College, Bangalore, as Lecturer in Science for the Medical School from 1st July 1922 (Copy of which has been received from the Offg. Principal, Central College, Bangalore), I am directed by the Vice-Chancellor to submit that the said order has been passed without the university being previously consulted in spite of the fact that the university has nowreduced the strength of the staff, and arrangements for the vacancy in the Chemistry Department caused by Mr. Srikantiah's deputation have not yet been made.

Further the number of Chemistry sections in the third Year B.A. may be one or two more next year, and it is not known whether the new admissions to the 1st Year class will require an additional section, for practical work. Till the Time Table is therefore framed, it is not possible to say whether the services of Mr. Sesha Iyengar could be

Dear Sir

Adverting to paragraphs 3 & 4 of G.O. No L. 7634-6/Med. 3-21-18 dated 29th June 1922 in the matter of the appointment of a Lecturer in Science in the local Medical School, I am desired to request you to be so good as to consult the Vice Chancellor of the University demi-officially as to whether he is agreeable to the appointment of Mr M. Seshia Iyengar as such Lecturer and if so, to send up proposals accordingly for filling up the place.

Yours sincerely

Sir,

In continuation of this office No.9571 dated the 22nd June 1922, on the subject of sparing the services of Mr. M.Sesha Iyengar, M.A., Demonstrator, in Chemistry, Central College, for purposes of lecturing to the Medical students from the 1st instant, I am directed to state, that the Principal has since submitted the Time Table of the College, in which he shows that Mr. Sesha Iyengar could be allowed to work in the Medical School between 8 and 9 A.M. without interfering with his work in the Central College in the current year. The Vice-Chancellor, approves of the arrangement and directs that the proposal of the Principal be recommended to Government for kind sanction. Copy of the Principal's letter is herewith enclosed.

I have the honour to be,
Sir,
Your most obedient servant,

Letter No. 1139 dated the 29th June 1922 from the Offg. Principal, Central College, Bangalore, to the Registrar, Mysore University.

In continuation of this Office letter No. 1081 dated 17th June 1921, I have the honour to forward herewith a provisional time-table, showing the manner in which it is proposed to arrange the work next session. The details of the arrangement may require some modification, and will have to be finally approved by the College Council at the beginning of the session. But it will be seen that, owing to the removal of the Entrance Classes and the provision of the new building, it will be possible to accommodate the classes, in the existing rooms, and during the usual hours. There will therefore be no difficulty about Mr. M. Sesha Iyengar working in the Medical School between 8 and 9 A.M.

SIR,

Adverting to paragraph 3 of G.O.No.L.7634-6-Med.3-21-18, dated 29th June 1922, I have the honor to state that the Vice Chancellor of the Mysore University, who was consulted, intimates that Mr.Sesha Iyengar can conveniently be allowed to lecture to the Medical students as his College Time Table does not come in the way. I therefore request very early sanction to ~~Mr.Seshaiyengar~~ Mr. Sesha Iyengar's appointment as Lecturer in Physics and Chemistry in the Medical School, as the first year class has already been formed.

I have the honor to be,
Sir,

Sir,

With reference to G.O.No.L.7634-6-Med.3-21-18, dated 29th June 1922, appointing Mr.M. Dominick as Lecturer in Medical Jurisprudence, I have the honor to state that Mr. Pani in his letter No.G.C.251-2, dated 13th February 1920, addressed to Government (vide Med. File 94-19-1) gave the definite opinion that "it is very desirable that no officer of the Public Health Institute should be a lecturer in the Medical School as the work in the Laboratory requires undivided attention and little time can be spared for any extraneous duties". Although I am appointed as Ex-officio Sanitary Commissioner by the recent G.O.No.L.7567-82-Sany 55-21-1, dated 26/29th June 1922, yet under para 7 thereof, the Public Health Laboratory is to continue as an independent Institution and so long as Mr.Dominick is attached thereto, it is not likely that Mr. Pani who is now to be himself the Director of the institution would think that his Assistant could spare time for other work, when he had considered such a thing impossible in 1920 when another officer was in charge of the institution. Wherever possible, it is most desirable, for obvious reasons, that the selection should be confined to officers who are under my administrative control. These reasons, in addition to those already submitted to Government in my letter No.C.1650-4, dated 18th March 1922, made me to recommend the appointment of Mr. David as the Lecturer in Medical Jurisprudence in preference to an officer of the Public Health Laboratory, and to allow him to take up the work in anticipation of Government sanction. He has been doing the work
